

Senahid Malanović

Design Portfolio

Expertise

Expert in UI/UX design with a focus on creating seamless and user-centric digital experiences. Proficient in crafting visually appealing interfaces that prioritize usability, accessibility, and user satisfaction. Skilled in wireframing, prototyping, and user testing to deliver intuitive and engaging designs.

FIGMA

My initial training included enrolling in Udemy courses, which provided a comprehensive foundation in design principles and tools. Figma, in particular, stood out as a game-changer in my career.

WORDPRESS

Throughout my career, I've dedicated several years to WordPress, a platform that has significantly shaped my journey in the digital realm. I've had the privilege of creating numerous websites using WordPress, and this experience has been instrumental in honing my design and development skills.
