📍 SANTA ROSA, CA 95407

## SUMMARY

Experienced and highly skilled senior frontend web developer with proficiency in developing end-to-end web applications.

Proficient in designing and implementing scalable architecture, building reusable components/microservices, and integrating various APIs.

Proven ability to collaborate across teams and deliver high-quality work with exceptional attention to detail.

## EXPERIENCE

### React Developer, Full Time

#### Oktana

⌚ 07/2018 - 11/2020 📍 Charleston, WV 25301, US

- Developed and implemented robust React-based solutions for Oktana.com, contributing to the creation of 8 dynamic and user-friendly web applications
- Collaborated with cross-functional teams to design and optimize user interfaces, ensuring seamless integration and delivering 3 projects ahead of schedule
- Successfully delivered multiple projects on time and within scope, effectively managing priorities and meeting client requirements with a 95% client satisfaction rate
- Actively participated in 30+ code reviews, providing valuable feedback that resulted in a 20% improvement in code quality and adherence to best practices
- Resolved 50+ complex technical issues and challenges, utilizing problem-solving skills and innovative thinking to ensure 99% application uptime and reliable performance

### Angular Developer, Contract

#### Idelsoft

⌚ 01/2021 - 06/2023 📍 Tampa, Florida 33635, US

- Spearheaded the development of 3 dynamic and scalable web applications, elevating user experiences and driving business growth
- Designed and implemented robust front-end solutions, resulting in a 15% improvement in application performance and responsiveness
- Met project deadlines and budgetary constraints, ensuring client satisfaction levels remained at an impressive 93% while delivering high-quality solutions
- Played an integral role in code reviews and provided valuable feedback, ensuring adherence to best practices and maintaining a 20% reduction in bug count

### NextJS/TypeScript Developer, Full Time

#### Multiverse

⌚ 07/2023 - 01/2024 📍 Chiyoda, Tokyo 100-0001, Japan

- Implemented turbo technology, resulting in a remarkable improvement in project loading speed and reduced the loading time from 13.6 seconds to an impressive 7.3 seconds, enhancing the overall user experience and reducing bounce rates
- Prioritized user experience by implementing intuitive design elements, seamless navigation, and responsive interfaces and this focus on user-centric design resulted in an enhanced overall experience for users
- Worked on data visualization with HighCharts
- Achieved a significant increase in the average review rate, reaching an impressive 4.5

## SKILLS

Javascript  Typescript  React

Angular  Vue  Next  AWS

Firebase  Vercel  Solidity  Git

## CERTIFICATIONS

💎 Software Engineering Master Certification (SEMC), Certified Scrum Master (CSM)

## LANGUAGES

English  
Native

Chinese  
Intermediate

## EDUCATION

Bachelor of Computer Science

Concord University

⌚ 09/2014 - 04/2018 📍 Athens, WV 24712
