About Me

A passionate video editor and motion graphics artist with 4+ years of experience. Skilled in transforming raw footage into engaging, visually stunning content for diverse clients. Proficient in long and short-form video, committed to staying updated with industry trends, and dedicated to delivering excellence in every project.

Professional Experience

2019 – Present

- Execute 1500+ video production projects for social media marketing campaigns, create visual effects, manage post-production efforts, and coordinate with client stakeholders to ensure alignment with projects specifications.
- Collaborate with creative teams to review scripts and design storyboards.
- Perform post-production editing using Adobe premiere and after effects and conduct video editing, colour correction, and sequencing.
- I have a broad video editing background, encompassing short-form informative videos, long-form YouTube content, travel documentaries, wedding post-production, and educational course materials. My adaptability and skills in diverse niches ensure effective, engaging video productions.
- I served as the primary video editor at a digital marketing agency for one year, contributing to various video projects.

Achievements

- **500 million+** organic views.
- **650K+** new Followers.
- One of my edited videos resulted in a substantial **50k+** new follower growth.
