EDUCATION

BS Hons Computer Science
University of the Punjab
2015 - 2019

Intermediate - Computer Science
Govt Post Graduate Collage
2013 - 2015

Faraz
Ahmed
Frontend Engineer

WORK EXPERIENCE

Frontend Developer   2022 - Present
Springfree Trampolines

As a Frontend Developer at Springfree Trampoline, I am responsible for managing the company's Gatsby+Drupal website. This involves ensuring that the website is up-to-date, user-friendly, and responsive. I work closely with the development team to identify and resolve any issues that may arise. Moreover, I am also developing marketing components with Bootstrap such as Promobars, Promo Banners, Promo Takeovers, and Landing Pages.

Sr. Frontend Engineer   2022 - 2023
Qubiq3 Technologies

As a Senior Frontend Engineer at Qubiq3 Technologies, my primary responsibility is to develop SAAS using React.JS, Next.JS, and Material UI.
In addition to this, I was responsible for collaborating with the design and BE team to ensure that the user interface meets the client's requirements and adheres to best practices in user experience design.

Full Stack Developer   2019 - 2022
Austin Hardwood Flooring

I was responsible for developing and maintaining two websites using HTML, CSS, Javascript, JQuery, PHP, MySQL, Nextjs tailwindCSS, Firebase and NextAuth. In addition to development, I managed all the product inventory on both websites and did graphics work to crop, adjust, and upload product images. Moreover I also developed LMS for Eco Floors system to sell their hardwood floor installation course.

Web Developer   2019 - Present
Freelancing | Upwork | Fiverr etc.

Since 2019 I've been providing my services as a freelancer as well. I get clients through Freelancing Platforms, Social Media Platforms and Reference of old clients. I'm working on personal branding through content marketing to take these things to the next level.
