## SUMMARY

With over 7 years of professional experience as a Web Developer within the IT industry, I have cultivated a robust skill set. My expertise encompasses various technologies such as Angular, Laravel for API development, and the creation of web services tailored for mobile applications. I am proficient in HTML, CSS, JavaScript, jQuery, and Ajax, allowing me to adapt to project requirements seamlessly. Additionally, I have hands-on experience with Node.js, React.js, Next.js, and Nest.js, enabling me to create responsive websites that cater to diverse user needs. My track record also includes successful integration of Payment Gateways as dictated by project specifications. I am a highly motivated and ambitious individual, always striving to keep pace with the dynamic nature of the industry. My ability to forge strong working relationships, both individually and within teams, coupled with my aptitude for efficient workload management, makes me a valuable asset in fast-paced, deadline-driven environments. As a seasoned professional, I possess the leadership skills necessary to guide a team and spearhead initiatives that contribute to the company's growth.
